

Application for the program is now open online and will close at 3:00 PM on February 1, 2018 (Japan Standard Time).

Discover your potential

An undergraduate summer research program in science and biotechnology

Every year, the Amgen Scholars Japan Program provides selected undergraduate students with the opportunity to engage in a hands-on research experience at two premier Japanese universities.

For questions related to the Japan Program, please contact the two participating host institutions:

Kyoto University

Amgen Scholars is an international program funded by the Amgen Foundation with direction and technical assistance provided by the Massachusetts Institute of Technology and the University of Cambridge. The Amgen Foundation has committed more than \$50 million over twelve years to this global initiative to make this opportunity possible for thousands of students.
